Cabo USB-C

Garantia limitada do fabricante de 5 anos

Crucial X9 PRO Overview

*Accelerate your workflow with the powerful performance of the **2TB X9 Pro USB 3.2 Gen 2 Portable SSD** from **Crucial**, which provides users with the space for thousands of photos, files, and videos, as well as the speed to edit and retouch your portfolio. Suitable for use in the studio, the field, or anywhere else your work takes you, this SSD is preformatted as exFAT and connects to your host Windows, Mac, Linux, Android, iPad, Xbox, or PlayStation system using a USB-C 3.2 Gen 2 port that drives sequential read and write speeds up to 1050 MB/s. 256-bit AES hardware encryption and password protection help keep your data safe, while an anodized aluminum enclosure, a rubber base, drop resistance of up to 7.5' on a carpeted floor, and an IP55 rating with water, dust, and sand resistance make this SSD durable for life on the go.*

Nota: USB 3.2 Gen 2 full performance can only be achieved on USB-C host devices with a USB-C to USB-C cable. Use a USB-C to USB-A adapter for older devices. The X9 Pro is backward compatible with 5 Gb/s USB 3.2 Gen 1 (USB 3.1 Gen 1/USB 3.0)

Powerful Performance

With read and write speeds up to 1,050MB/s, the Crucial X9 Pro Portable SSD is powerful enough for editing directly from the drive. Get more done with high sustained performance, thanks to read speeds of up to 1050 MB/s and write speeds of up to 975 MB/s throughout the drive's capacity.

Adobe Creative Cloud

Get one month of Adobe Creative Cloud All Apps plan on Crucial when you purchase and register the X10 Pro.

Adobe Creative Cloud ID and Crucial product registration required for redemption. Eligible Crucial X9 Pro SSDs: CT4000X9PROSSD9, CT2000X9PROSSD9, CT1000X9PROSSD9 must be purchased between July 25, 2023 and December 31, 2024. Offer limited to one

redemption per eligible Crucial SSD purchase and registration; up to two per Adobe Creative Cloud user account, subject to acceptance of applicable Terms of Use, while activation code supplies last. Additional terms and conditions may apply. See Crucial's site for more information. Micron Technology reserves the right to change or discontinue this offer at any time without notice.

Broad Compatibility

The X9 Pro works with Windows, Mac, Android, iPad, PC, Xbox, and PlayStation gaming consoles via an included USB-C cable.

Security That Travels With You

Protect sensitive data in the studio, in the field, or while traveling with password protection and 256-bit AES hardware encryption.

Dust and Splash Proof Durability

With IP55 water and dust resistance and drop-proof durability up to 7.5', your X10 Pro Portable SSD is tough enough to travel anywhere you shoot, work, or roam.

Professional Quality

Engineered by Micron, the Crucial X9 Pro Portable SSD comes in anodized aluminum with a rubberized soft-touch base in a mini design that includes a drive activity light in the integrated lanyard hole.
