For VMware Cloud Foundation (VCF/VVF) and VMware vSphere.

The Broadcom compatibility guide provides comprehensive partner product compatibility lists for VMware infrastructure, including VMware Cloud Foundation and VMware vSphere Foundation.

Please click on this icon  to **Export To PDF**.

I/O Device and Model Information

The detailed lists show actual vendor devices that are either physically tested or are similar to the devices tested by VMware or VMware partners. VMware provides support only for the devices that are listed in this document.

Click on the 'Model' to view more details

NOTE: Hardware Accelerator listings have been moved to a new page: <https://compatibilityguide.broadcom.com/search?program=sptg&persona=live>
